Since its founding, The Mob Museum has welcomed over 2 million visitors, added incredible artifacts to our one-of-a-kind collection, and expanded key public engagement initiatives. We are proud of the work we have accomplished, but the success of any cultural institution is dependent upon the strong support of dedicated donors, like you.

As The Mob Museum continues to grow, our donors play an ever-increasing role in the Museum’s ability to advance our mission and increase our impact. Your investment helps expand our efforts in educational outreach and historic preservation, strengthening the Museum’s position as a community resource and leading center for learning. Members of The Inner Circle share in our successes and are active participants in our future – I hope you will consider joining. Together we will find innovative ways to reach a diverse audience and deliver a rich museum experience—one that extends to places and platforms beyond our historic walls.

Jonathan Ullman
President & CEO
### The Inner Circle Giving Levels

As a true insider, you gain real insights into our world-class Museum with invitations to intimate programs, unique opportunities, and special access to our incredible exhibits.

PRESERVING OUR HISTORY, STRENGTHENING OUR COMMUNITY

Inner Circle contributors enable The Mob Museum to further its mission, deepen its reach within the community, and ensure its future as a vibrant cultural destination.

Your investment allows the Museum to:

• Acquire and care for unique artifacts that interpret the history of organized crime and law enforcement.

• Research and develop authoritative, engaging, and relevant new exhibits.

• Host intriguing public programs that share knowledge, insight, and informed perspectives.

• Increase accessibility to area schools with educational outreach initiatives.

• Preserve and protect a landmark building, honoring our city’s past and safeguarding it for the future.

• Launch new innovative experiences that continue to bring history to life for thousands of Museum visitors.
